

Health, Social Care & Well-being Strategy for Caerphilly County Borough 2011-2014 Consultation Document

Your views are requested to help the Caerphilly county borough Health, Social Care & Well-being Partnership in developing the third Health, Social Care & Well-being Strategy for 2011-2014.

Your thoughts on the Outcomes and Priority Areas for Work that has been proposed by the Partnership are requested. It is important that as many views as possible are captured in order to ensure that we have a balance between national requirements and local need.

We would like to find out:

- What you think about the outcomes we have set
- What you think about the priority areas for work we have set
- If you think there are priority areas for work missing
